

Albany Montessori School Promoting Health and Hygiene

NAPPY CHANGING

Policy statement

No child is excluded from participating in our setting who may, for any reason, not yet be toilet trained and who may still be wearing nappies or equivalent. We work with parents towards toilet training, unless there are medical or other developmental reasons why this may not be appropriate at the time.

We make necessary adjustments to our bathroom provision and hygiene practice in order to accommodate children who are not yet toilet trained.

We see toilet training as a self-care skill that children have the opportunity to learn with the full support and non-judgemental concern of adults.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.2 Inclusive practice 1.4 Health and well-being	2.2 Parents as partners 2.4 Key person	3.2 Supporting every child	

Procedures

- Changing areas are warm and there are safe areas to lay young children if they need to have their bottoms cleaned.
- Each child has their own bag with their nappies or pull-ups in, wipes and a change of clothes.
- All staff are familiar with the hygiene procedures and carry these out when changing nappies.
- In addition, key persons ensure that nappy changing is relaxed and a time to promote independence in young children.
- Young children are encouraged to take an interest in using the toilet; they may just want to sit on it and talk to a friend who is also using the toilet.
- They should be encouraged to wash their hands and have soap and towels to hand. They should be allowed time for some play as they explore the water and the soap.
- Older children access the toilet when they have the need to and are encouraged to be independent but are accompanied at all times when taken to the toilet.
- Nappies and 'pull ups' are disposed of hygienically.
